## Valley Girls Barrel Racing Association Stallion Incentive Program 2024

The Stallion Incentive Program was developed to promote the Barrel Daze Futurity and Maturity held the second full weekend of April in Moses Lake, Washington by the Valley Girls Barrel Racing Association. The Annual Stallion Service Auction runs January 2 through the first Saturday of February each year and will be held over the internet.

The Auction will be advertised in horse publications and on the internet. All stallions shall be listed on the VGBRA Stallion Incentive Web site. <a href="http://www.vgbrastallionincentive.com/">http://www.vgbrastallionincentive.com/</a>

- A. New stallions will be accepted until December 15<sup>st</sup> (15 days prior to the start of the auction). No stallions located outside the United States or Canada will be accepted into the program, however if frozen semen is being sold within the United States or Canada those stallions will be accepted no matter where they are physically located.
- B. Stallion services will be sold at auction to the highest bidder. If a stallion's "service does not sell through the auction the stallion owner will be required to pay the" guarantee amount" which is 50% of their advertised fee (\$300 minimum to \$1000 maximum). The bidding will start at one-half the annual advertised fee or \$300.00, whichever is greater. Mare care, vet fees and chute/ farm fees are extra and are not included in the auction bid and will be paid by the auction winner. Stallion owners who choose to list their stallion(s) as a Reference Sire will pay ½ their current advertised fee not to exceed our maximum cap of \$1000 or be below the minimum of \$300
- C. Stallions that are 5 years or younger at the time of enrollment can choose to donate a breeding for the auction or pay in as a reference sire. If the donated breeding doesn't sell the owner is responsible for the "guarantee amount" which will be 25% of their advertised fee. The minimum will be waived however the payment will not exceed \$1000. If the reference sire option is chosen the fee will be 25% of their advertised fee with the \$300 minimum being waived but the payment will not exceed the maximum of \$1000.
- D. The successful bidder of a stallion service must use the breeding during the current breeding season. All fees associated with boarding, mare care, collection, shipped semen charges and chute/farm fees are between the successful bidder and the stallion owners. The VGBRA is not responsible for any other business conducted between the stallion owner and the purchaser of the breeding and once the contract is signed between purchaser and stallion owner our (VGBRA) responsibility ends. No refunds.
- E. The mare owner shall make all necessary arrangements with the stallion owner as to when the mare will arrive for breeding or make arrangements for the shipping of semen. Mare owner must make the mare available for breeding during the stallion owner's normal breeding season or may risk forfeiture of all monies paid and breeding rights. Mare must be halter broke and fit for breeding.
- F. In the event that death should occur to a stallion, or he becomes permanently non-serviceable before the mare is bred, the stallion service auction fee shall be refunded to buyer. If a stallion is sold or leased before the mare is settled in foal, contract is still binding unless or the new buyer refuses to honor the contract. In such case, the purchaser of the service may have the option to request a refund.
